VOL. VIII. RENO, WASHOE COUNTY, NEVADA. FRIDAY. FEBRUARY 20, 1880. NO. 124.

A Michigan Girl Who Means to get a Husband.

A Detroiter who was out in the country the other day to look after some poultry got stuck in a mud hole, although having a light buggy and a strong horse. He got out, took a rail off the fence and was trying to pry the vehicle out, when along came a strapping young lady about twenty-six years of age. She halted, surveyed the situation, and said:

"You stand by the horse while I heave on the rail, and don't be afraid of getting mud on your hands and boots."

Their united efforts released the vehicle and the Detroiter returned thanks and asked her to get in and ride. She hesitated, looked up and down the road, and finally said:

"Stranger, I'm blunt spoken. Who are you?"

He gave his name and residence, and she continued:

"I'm over twenty-five, worth $500 in cash, know all about housework, and this is leap-year."

"Yes, I know; but for heaven's sake don't ask me to marry you!" he replied, as he saw the drift.

"See here," she continued, looking him square in the eye, "I'm a straight girl, wear a number 7 shoe, and I like the looks of you."

"Yes, but don't—don't talk that way to me!"

"Stranger, it's leap-year and I'm going to pop! Will you have me or not?"

"I—I'm already married!" he faltered.

"Honest Injun!"

"Yes."

"Well, that settles me and I won't ride. I'll take a cut across to old Spooner's. He's got four sons and a fool nephew, and I'll begin on the old man and pop the crew clear down to the idiot, for I've slummuxed around the world just as long as I'm going to! Good-bye, sir—no harm done!"

A Little Story From Paris.

Monsieur C. of Paris, having broken an article of porcelain, goes to the dealer, from whom he purchased the set to endeavor to replace it. "Have you any objection to breaking up a set?" he says. "I bought one from you last week, and one piece is smashed. It was like this. How much'll you take for that sugar bowl there without the cover?" "Well, the price is fifteen francs with the cover, but I'll let you have the bowl by itself for fourteen. You see the cover doesn't amount to much—in point of fact, I may say it is worthless—but it would look absurd not to make some deduction, so I'll knock off one franc for the cover." "What, one franc only? surely the cover must be worth more than one franc!" "No, sir; in reality it isn't worth more than half a franc; but, seeing it's you, I'll call it a franc, and let you have the bowl for fourteen." Why, what an ass I've been! it wasn't the bowl that my wife told me was broken—it was the cover. How funny of me—how stupid! It isn't the bowl I want, it's the cover. Here is your one franc; don't mind wrapping the cover up." Vanishes into the infinite azure of the street.

A Dog in the Cricket Field.

At a recent cricket match in England the winning side was much assisted by the admirable fielding of a retriever. Dogs have been trained to many kinds of work but their appearance on active duty in the cricket field is a novelty. It is easy to see, however, what valuable service retrievers and other dogs of size, strength, activity, and intelligence might be taught to render in opposition to the best batting. There would be very few threes and scarcely ever a four, if a swift sporting dog were ready to follow and bring back the ball.

ENTERPRISE VS. IDLENESS.

The Truckee people are agitating the question of a railroad to the Plumas Eureka mines. Such a road would open up an immense timber belt as well as the farming country in Sierra and other valleys. Reno has many advantages over Truckee as the terminal point for such a road. It would have no such high mountains to cross with their immense banks of snow. The line is shorter and through equally good forests and as fine ranches. Reno is 35 miles nearer the lumber market than Truckee and has a better cattle and grain market than her sister town. If Reno lets Truckee get a line to Plumas, Wadsworth, one to Walker Lake and Winnemucca one to Oregon she will remain the village she is instead of the city she might be. If she had shown enterprise two years ago she would now have a narrow-gauge to Virginia City, which could be extended to Bodie very cheaply. Then it could be run to the Colorado and we would get our freight for ten or fifteen dollars a ton, and have a bigger town than Sacramento in five years.

WILL TILDEN BE NOMINATED?

It looks as if there were no chance of Samuel J. Tilden's receiving the Democratic nomination for the Presidency. Tilden and John Kelly are at sword's points, and Kelly has demonstrated his power to defeat any Democratic ticket in New York state. The split in the New York state Democracy which Kelly caused last fall gave the state to the Republicans. Kelly is irreconcilable to Tilden, and the Democratic party cannot afford to nominate any man whom Kelly is bound to oppose. Kelly has not the power to win a victory in New York state, but he has the strength to insure the defeat of any Democratic candidate to whom he is opposed.

The battle ground of the Presidential election will be New York. The party which carries that State elects its President.

EDITORIAL NOTES.

A bill requiring the names of the authors to be affixed to newspaper articles has been introduced in the California Legislature. That is the custom in France. It is a help to journalists, but greatly weakens the power and influence of newspapers. The impersonality of a great newspaper is one of its main elements of strength. The individual opinion of a writer for the London *Times* would not pass for much in England, but all Englishmen will read with deference anything that "the Thunderer" may have to say. It is probable that the California bill will be defeated.

Among yesterday's telegrams was one stating that an Ohio man had discovered perpetual motion, and that a machine of his invention would start itself and run on forever. It is surprising that anyone can be found at this late day sufficiently credulous to give currency to such an absurd story. Perpetual motion has long been proved to be an absolute impossibility. The idea implies a contradiction of immutable natural laws.

The Italians have to-day the most powerful ships of war afloat. The Duilio and the Dandalo are each 339 feet long, steam at a speed of 14 knots, cost $4,000,000 each, and every time one of their guns is fired the cost is $300 for powder and shot. Their 100-ton guns have a range of nine miles. The Italians are building two more iron-clads, even larger, faster and more costly than these.

The New York *Times*, one of the ablest and most influential Republican journals, has announced on the authority of a "near personal and political friend of the ex-President," that "should the Republican National Convention nominate him *in the same manner as any other candidate would be nominated* he would deem it his duty to the country and the party to accept."

The latest electrical invention is described as "the telephote." It is said to be a means of transmitting over a telephone wire the likeness of the person who is speaking into the transmitter, so that the person receiving the message can distinctly see an image of the sender. The telephote is very likely to prove a tele-fraud.

A certain Congressman thinks that Congress could adjourn on May 1st, at any rate, by the middle of May. No doubt, but will it? There are two big conventions to come off this year, and if Congress adjourns before they are held it will do something that no American Congress ever did before.

The Republicans of New York hold their State Convention next Wednesday, the 25th. inst. There is little doubt that the delegates to the National Convention will be instructed to vote for Grant. Conkling controls the New York Republican Machine, and Conkling is for Grant.

Russia is notoriously a cold country, but is certainly getting hot for the Czar. The poor man seems to be in constant danger of being blasted. The explosion under his winter palace the other day was caused by dynamite, fired with an electric battery.

It now appears that the fire which destroyed Trinity Church in New York last week was caused by the ignition of some wood-work in contact with warming pipes full of superheated steam.

At least one Maryland woman loves revenge, for it is telegraphed that at the lynching of Page Wallis, at Point of Rocks, for outraging Miss Marmon, the latter was allowed to fire fourteen shots into the dangling form as it swung.

Two negro murderers were to be hanged at Nashville, Tennessee, today, and physicians have obtained permission to attempt to revive the bodies. The result of their experiments will make an interesting item.

A Washoe zephyr is a slight thing compared to that storm which blew down a house in Cincinnati on Wednesday, burying under its ruins the dead bodies of a father and his child.

NEWS ITEMS OF INTEREST.

Very dull in Eureka.

The Central Pacific has discharged 16 brakemen on the Winnemucca division.

An Austin girl threatens to spank a young fellow who sent her a horrible valentine.

There are five faro games in Eureka and one on Ruby Hill, besides two tan games in Chinatown.

Several attempts have been made to sink artesian wells in Sutro, but hot water is always struck at a depth of from 50 to 90 feet.

The calculation is made by the San Francisco *Bulletin* that there are over $100,000,000 of banking capital and deposits in California to-day.

Bodie has a fifteen-year-old tramp who insists on carrying a pistol, because "a man's life isn't safe in the blasted country without a gun."

The Eureka Consolidated Company have brought suit against the Richmond Consolidated for a portion of the main shaft of their mine.

A poor old Mexican was the other day garroted in Bodie for what little money he might have about him. He has since died from the injuries received.

The Nevada *Transcript* says: Plans are on foot for a grand encampment of soldiers at this place this year. In order to do this it will be necessary to raise the sum of $1,500.

Forgery, says the Yolo *Democrat*, seems to be a mania among sewing machine agents. One who has been stopping at Woodland for some time was last Tuesday taken to Suisun to answer a charge of forging receipts.

Representatives of the tramp brigade, says the Stockton *Independent*, are not numerous in Stockton. If there is anything that, above all others, a Stockton policeman abhors, it is a professional tramp.

A California lion has for some time been feasting on S. Spreckle's sheep at Aptos. Last week a dose of poison was put in a carcass, and the lion was laid out. His body was brought to town and attracted considerable attention.

Last Monday, says the Bodie *Press*, John Cartheny, while on the trail from Swansea to Beverage District, found the body of a man frozen stiff in the snow near the summit of the Inyos, at a point about fifteen miles from Swansea.

Religion, says the Carson *Tribune*, has had a set-back in Mason Valley. Last Sunday while the pastor was reading a chapter from St. Paul, some one fired a shot, and in the stampede the deacon's hat, with the day's contribution, was carried off. The outraged congregation is now in search of the hat.

Early last Sunday a brakeman employed by the Central Pacific Railroad Company had a slight altercation with Hank Smith, a well known character, at Niles. The former, it seems, got the better of Smith. Later in the day the latter met the brakeman at Babb's store in the town mentioned, and resumed the row. Smith pulled a knife, and with a single stroke almost disemboweled the brakeman. The physicians state that the wound will undoubtedly prove fatal.

At Los Angeles an old man named Pannier, who had followed the vocation of rag-picker and dealer in old junk, was found dead in his bed at an early hour Wednesday morning. He had evidently been murdered, as there was a bad wound on the chin and a severe contusion on the back of the head. He lived in an old adobe hovel, was very miserly in his habits, and was thought to have some money here and in San Francisco. Robbery was no doubt the motive of the murder.

Too Good for This World.

Ben. F. Wilson of New Haven is now (Feb. 4, 1880) 82 years of age. He has been a magistrate 12 years in Nelson county. He fines every man $1 for each time he uses a profane oath, and has receipts for payment of same.

He never used a profane oath.

He never tasted a drop of liquor.

He never smoked a cigar or tobacco or chewed in his life.

He never saw a horse-race for money.

He never was in a theatre.

He never knew one card from another, though he is known from here to New Orleans.

He has been a Mason 40 years.

He has been a member of the Methodist church for 60 years—class leader and steward for 59 years.

He has been going to Sunday school for 64 years.

He has traveled through 11 states of the Union.

Stop That Cough

With a sample bottle of Kaiser's German Elixir. This is the most wonderful cough remedy ever introduced, being mild, yet positive in its action and soothing under all circumstances. Old and young may use it with perfect security. It is rich in the medicinal properties of tar, wild cherry and horehound. Ask your druggists, Messrs. Osburn & Shoemaker, about its merits. They sell large quantities of it and say it supercedes all others. The genuine bears the Prussian coat of arms and the facsimile signature of Dr. Kaiser on the wrapper and has his name blown in the glass. Samples 25 cent. Large 75 cent bottle. feb2-d&w

A Fragrant Breath and Pearly Teeth.

Are easily obtained by cleansing your teeth daily with that justly popular dentifrice, SOZODONT. Composed of rare antiseptic herbs, it imparts whiteness to the teeth, a delicious aroma to the breath, and preserves intact, from youth to old age, the teeth. Acidity of the stomach will destroy the strongest teeth unless its effects are counteracted with SOZODONT, and this pure tooth-wash protects the dental surfaces by removing every impurity that adheres to them. JOTTINGS.

— James Sullivan brought in a wagon load of honey this morning.

— Nothing of general interest has been done in the District Court since yesterday.

— Sleighs have been out all day, and the music of the bells has been ringing through the streets since morning.

— The trial of Thomas Schweri for an assault upon M. Lippman, was commenced in the Justice's Court this afternoon.

— Laycock has about a dozen pupils in drawing. His class meets three nights of the week at his studio on Virginia street.

— Ed. Vesey rigged up a large wagon body on a heavy sled, and gave all the Lake House guests a sleigh ride this morning.

— The trustees of the Agricultural Society have been informed that boys go into the pavilion and run their velocipedes. They propose to stop it.

— An old lady passing the depot this morning exclaimed: "Why, the cars are going out on wheels!" She thought the snow would tempt them to go on runners.

— The *Amitie* Club members will have the privilege of inviting each a gentleman to the next club dance, which will take place in the Pavilion on Thursday evening next.

— Some one gladdened the heart of young Peacock by the gift of a fresh oyster yesterday. Peacock was wending his way over the bridge last evening, pondering over the problem of how to cook the fish.

— J. E. Jones will return to Pyramid to-morrow. He intends to put more men to work and will have a force of twenty all told. The drift north is in sixty feet. A crosscut will soon be made.

— About four inches of snow fell last night, and the white flakes have been falling all day long. A thaw set in early in the morning, and now there seems to be less snow on the ground than at day-break.

— The Knights of Pythias give their social this evening. The privilege of inviting a gentleman has been generally taken by each Knight, and the Odd Fellow's Hall will doubtless be well filled with a merry company to-night.

Sale of Cattle.

Stevens has sold 200 head of cattle o Hayes, Carrick & Co. of Oakland, at six cents. They were not in first-rate condition. The cattle have been feeding at Pat Kelley's, below the English mill, and have not yet been delivered.

THE BABY QUESTION.

A Plea for Mothers.

I have just thrown aside my ruffling (made by hand because husband can't afford me a "Singer" until stocks take a raise, or political economy is enforced) to speak a few words in behalf of mothers who take their infants to Reform Clubs. Dear Mr. Editor: If one side of the hall was vibrating with music from the lungs of those infant prodigies, heavenly cherubs, it would not disturb us in the least, as we dislike to lose one word uttered by our talented speakers of the Reform Club.

Our sympathy is with the poor, tired mothers who must take their infants or remain at home while their neighbors are having an enjoyable evening.

Some few evenings ago we sat in the seat with a mother and two restless babies, one on her lap and the other close by her side. They did not cry, however, but became so restless that the mother left the hall during the most interesting part of the programme, and as we heard her weary sigh on leaving the hall, we wished conventionalities would permit us to speak to the lady who was a stranger to us, and offer to remain with her children occasionally that she might gather a few sunbeams in life, aside from domestic care and duty.

PATSY.

Reno, Feby. 19, 1880.

Minnie's Baby Vindicated.

EDITOR GAZETTE:—If we are "illogical" in your estimate, we must have shown it in two questions, the answers to which your superior logic waives. We are not so absurd as to deny that an audience has a right to the "undisturbed enjoyment" of public entertainments, if they can get it, nor that a "crying baby is a great annoyance," and that a lady who is "*bound* to enjoy herself at the cost of vexation to half a thousand people" is not only "*just a trifle selfish*," but also *rashly imprudent*. Now once for all, as our darling does not properly come under the head of crying babies, as she is exceedingly well-behaved in general and rarely ever cries; please excuse us if we should occasionally venture upon the pleasure of some public entertainment. For, in all candor, we have taken her to church, Sunday school concerts and other public places and the worst she ever did was to "flirt" a little with some pretty or pleasant person, and *never* until last Saturday night was she known to cry out to the disturbance of a public audience, and then we took her instantly from the hall.

MINNIE.

A Novel Suggestion For Mothers.

EDITOR GAZETTE:—It seems to me that there ought to be special accommodations for babies in public places. Why not have a baby room as well as a hat and cloak room? Let a suitable room be attached to each hall or theatre where a mother could leave her baby in the care of careful persons, and take a ticket for it, of course paying for the trouble. Then between the acts or during intermission, the mothers could go and attend to the wants of their little darlings. (I am sure men leave the hall at such times for much worse purposes). It seems to me such an arrangement could very easily be made, and then it would not be so irksome for a woman to be a mother as it is now.

MARY.

How to Stop a Baby's Cries.

MR. EDITOR: I notice a discussion in your paper about babies in public halls. It seems to me the little creatures could do no harm in such places if they were only kept quiet. There is a sure cure for a crying baby. It is simply this: Hold the infant up by the heels for ten seconds. It is better than soothing syrup, and don't hurt the child in the least. I've often tried it (when the wife wasn't round.)

HUSBAND AND FATHER.

A Curious Question.

MR. EDITOR:—Speaking of babies, can any of your readers tell me why a baby always stops crying when the top of its head is scratched with the edge of a silver coin?

STUDENT.

The State Republican Committee.

W. M. Boardman and P. N. Marker the representatives of Washoe county in the Republican State Commtral Committee, will attend the meeting of that body in Virginia City next Monday. Both are strongly opposed to the nomination of Grant. Boardman has just learned that a strong effort will be made to have the convention appoint delegates, pledged for Grant, to the National Convention. The delegates from Washoe county will oppose any such attempt. They favor a call for a State Convention, to elect delegates to the National Convention, thus securing an expression of the will of the people of this state.

Amitie Club.

Members of this Club are requested to hand to the committee before next Saturday evening, the names of the gentlemen they desire to invite to the club dance on Thursday evening next, together with their own names, so that the invitations may be issued Monday.

Committee, { C. M. FASSETT, M. JO. DILMAN, Dr. J. LEWIS.

Brief Dialogue.

"I believe I have never made any misrepresentation to the court," said lawyer Cain in the District Court this afternoon.

"You mean, perhaps, that the court has never found you out," remarked Judge King.

Lawyer Cain smiled with the rest. Then business was resumed.

Susanville Notes.

EDITOR GAZETTE:—Stock are dying at Secret Valley and Madeline Plains from scarcity of feed on the ranges, all the water being frozen over. Diptheria has not ceased its ravages yet; twenty-four deaths have occurred to date. The quartz mines in Diamond mountain are improving as the work progresses. A large mill will be put up early in the spring. Hay is getting scarce and is selling at $10 per ton. Large bands of deer have been driven out of the mountains by the deep snow, to the low hills near town, where they have been killed in large numbers. The Masonic hall caught fire Saturday evening, caused by the burning soot falling down the flue to the sawdust between the ceiling and upper floor, damaging the hall and furniture to the extent of $450.

CAXTON.

Susanville, Feby. 18, 1880.

A House Burned Down.

A two story frame dwelling was burned down last night. It stood near the south bank of the river a little east of the V. & T. bridge. The fire broke out shortly before 11 o'clock and the house was quickly consumed. An alarm was rung from the engine house but the engines did not turn out. By the time the alarm had been given, there was no chance to save the burning dwelling, and its detached situation precluded all idea of danger to other buildings. A good many people went to the scene to watch the fire. There was no wind, the ground was white, and the air was full of falling snow. The blazing house lit up all the town, and gave the snow a rosy tinge. The sky was invisible through the storm, but the firelight, reflected from the descending snow crystals, seemed to color the whole atmosphere with a pale shade of pink.

The cause of the fire is not known. A number of wood choppers have been living in the house, and were sleeping there last night when the flames broke out. The dwelling was owned by Duncan McMillan, who is absent from Reno. It was insured for $600 in the Dwelling House Underwriters' Co. of New York, for which W. N. Knox is agent.

Reform Club Meeting.

The following is the programme for the Reform Club meeting to-morrow evening in the theatre. The entertainment will be under the direction of Mrs. Amos Alt: Solo, Richard Jose; recitation, Miss Lena Graff; piano solo, Miss Cora Ferguson; solo, Miss Eessie Ringo; reading, Mrs. H. C. Sheets; lecture, Mr. Rankin; solo Mrs. Sam Hilliard; reading, Mrs. J. M. Flanagan; solo, Miss Knox; piano duet, Misses Mary and Josie Wintermantel; recitation, Miss Beckie Prescott; song, G. E. Holsworth.

Admission 10 cents. Tickets for the dance which follows the entertainment will be sold for $1 at the box window, and will admit a gentleman with lady to the soiree.

Crossing on Snow Shoes.

For the past day or two, says the Carson *Appeal*, there has been a party of mountaineers at the Ormsby house who crossed the Sierra to Lake Bigler on snow shoes and came from there to Carson in a wagon. They had snow shoes with them and exhibited them as curiosities. They are strips of tough wood about twenty feet long (same length as a Gold Hill girl's) curled up at the forward end. They travel on the lightest snow with them and glide down the mountain sides with great rapidity. One of them, a mail carrier, had his feet frozen and came to Carson by way of Lake Bigler rather than cross the mountains again.

Personal.

Jas. Ware, Supt. of Truckee Furniture Factory, is on the street.

Caldera, the "strong man," has gone to Truckee to look for work.

J. C. Hampton, a leading Virginia merchant, went below last evening.

Mr. and Mrs. N. G. Orr, a new-made couple, went to Wadsworth last night.

Change of Time.

Yesterday, says the Grass Valley *Union*, the new time table of the Narrow Gauge Railroad took effect, by which the morning train leaves Grass Valley for Colfax at 10:35 instead of 10 A. M. as formerly, thereby making closer connection with the Reno accommodation train.

I Wish Everybody to Know.

Rev. George H. Thayer, an old citizen in this vicinity, known to every one as a most influential citizen, and Christian Minister of the M. E. Church, just this moment stopped in our store to say, "I wish everybody to know that I consider that both myself and wife owe our lives to Shiloh's Consumption Cure." It is having a tremendous sale over our counters and is giving perfect satisfaction in all cases of Lung Diseases, such as nothing else has done. Bourbon, Ind., May 15, 1878. Drs. Matchett & France. JEWELRY

$75.00 worth for $15.00,
—(AND A)—
Solid Abyssinian Gold Watch
FREE! FREE!! FREE!!!

The above offer is genuine, although at first sight you would consider it impossible. We will explain: Since we first established our business here, March 1st, 1878, we have paid particular attention to the buying of Bankrupt and Auction lots of Jewelry and Watches often buying at as low as one-tenth their value, and in no instance have we paid over one-sixth the manufacturers' price. Since starting we have always been able to dispose of these goods in Chicago and through our regular customers throughout the country at nearly regular prices, as fast as we could procure them, but owing to the large number of failures among the heaviest dealers and manufacturers throughout this and other countries during the months of June, July and August (the time when the jewelry business is stagnant), we have now on hand an immense stock of the most desirable goods we have ever handled, and which we have bought at lower prices than ever before. In order to dispose of this entire stock in the most speedy manner possible, and make room for new ones which we shall continue to buy, we have hit upon the following novel plan:

We propose to give you a list of the most desirable of these goods, giving opposite each article its regular retail value, and sell to you at the rate of Five Dollars' worth for $1. For instance, on receipt of 50 cts. we will send you, POSTPAID, any article to the value of $2 50; on receipt of $1, articles to the value of $5, and so on throughout the entire list. Below we give a list of the most valuable of these goods.

The Chicago Express, Sept. 3, says: "The attention of readers is called to the advertisement of 'The Inventors' Agency,' office and rooms located at 116 Washington St., Chicago. From personal inquiry and on the recommendation of the city press, we think our friends can do no better when wanting goods in that line. Give them a trial."

The American Stockman, Sept. 11, says: "We believe this institution perfectly sound and reponsible, and consequently persons need have no hesitation about sending for what they desire."

JULIUS KRAEMER.

Dated, San Francisco, Dec. 20, 1879.

In reference to the above, I desire to notify my customers that I shall carry on the manufacture of Cigars as formerly, on the old premises, and under the old name of J. W. SHAEFFER & Co. My aim in the future, as in the past, shall be to give each and all my patrons a fair and full equivalent for their money, only asking in return promptitude in remitting the values I have given them at the time agreed. It will be my effort to make my long experience (unexcelled as a local manufacturer) more than ever profitable to my customers, by more than usual care in the selection and treatment of the Tobacco, and in nicety of execution in manufacturing. I shall adhere strictly to the determination announced by my firm some months ago, not to employ drummers to effect sales, but rely solely on the merits of my goods, and give all the advantages of reduced expenses to my patrons in lower prices. I shall, however, visit, if possible, personally, or by my former salesman, B. F. Armstrong, all my customers during the year, to ascertain their views, and profit, if I can, by the experience they have gained in handling my goods, as to the wants of the trade and the tastes of consumers. Thanking my friends for past favors so liberally bestowed, I can say, on soliciting their continuance, that I am determined that their views and wishes shall be more freely and exactly gratified in the future. Wishing you a full share of the prosperity in business apparently promised the Coast during the coming year, I am, yours respectfully,

J. W. SHAEFFER.
